

The Falcon 2000 in flight

TAJAIR

ON THE WINGS OF LUXURY

In a world where time is money, Taj Hotels Resorts and Palaces offers a unique air charter service called TajAir that provides guests with a luxurious travel experience along with flexible travel schedules, access to off-track destinations and increased security and privacy.

TajAir is already a favourite with business travellers and CEOs who use the service for convenience in scheduling meetings and site visits, and for indulging key customers. It is also used by heads of state, Hollywood stars and world celebrities who are accustomed to luxurious and efficient hospitality and service. TajAir flights enable private holiday experiences that include island hopping, destination weddings, honeymoon holidays, interpretive wildlife safaris, religious sojourns and family retreats.

The fleet includes four aircrafts, two of which are brand new, that fly to destinations around the world. The planes have visited more than 150 destinations in 56 countries.

The company believes in providing its guests with a travel experience that matches the Taj's standards of luxury and efficiency. As Raymond Bickson, MD and CEO, Indian Hotels, says, "Be it for business or pleasure, TajAir is the preferred choice of guests for its wide network of destinations, in-house maintenance facility, highly trained crew and competent ground staff. TajAir ensures that every journey is an enjoyable and luxurious experience."

The P.180 Avanti II cockpit embodies the latest in aviation engineering

Guests aboard the Falcon 2000 can sample three-course meals from a wide choice of cuisines

The interiors of the Falcon 2000LX provide unmatched comfort to leisure and business travellers

The TajAir fleet includes two Falcon 2000 jet aircrafts, a Falcon 2000LX jet and a P.180 Avanti II turbo-prop aircraft. It is the only charter company in India to operate from its own state-of-the-art hangar in Mumbai

At the TajAir private passenger lounge in Mumbai, travellers can stretch their legs and relax while the staff takes charge of airport formalities
