About Air India

Founded by the legendary JRD Tata, Air India had pioneered India's aviation sector and the airline's history is, in fact, synonymous with the annals of civil aviation in India.

Since its first flight on October 15, 1932, Air India has spread its wings to become a major international airline with a network across USA, Canada, UK, Europe, Far-East, South-East Asia, Australia and the Gulf. The airline also has an extensive domestic network, including far-flung areas of India's North-East, Ladakh, Andaman & Nicobar Islands. Air India has been a member of Star Alliance, the largest global airline consortium, since July, 2014.

India's first international budget carrier, Air India Express was launched in 2005 to meet the need for affordable services on short and medium haul routes- connecting smaller towns directly to the Gulf and South East Asia regions.

Air India, along with Air India Express, has always been playing a pivotal role in standing by the Nation in its hour of crisis. In an epic mission, Air India has been evacuating stranded people from all over the world from and to India in the aftermath of the Covid-19 outbreak through the Government's Vande Bharat Mission and Air Transport Bubble flights.
